Basic Information

- Place of Origin: Sweden
- Brand Name: VOLVO
- Model Number: EC290
- Minimum Order Quantity: 1Sets
- Price: 20800-31000 USD
- Packaging Details: Container,Bulk
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: About 10 units are supplied every month

Product Specification

- Max Digging Depth: 7140mm
- Max Digging Height: 10040mm
- Number Of Cylinders: 6
- Swing Speed: 10.1
- Fuel Tank: 470
- Gradeability: 70
- Travel Speed: 3.2/5.1
- Production Year: 2021
- Highlight: **EC290 Used Digger,
Used Volvo EC290 Excavator,
Volvo Construction Used Digger**

2021 Volvo EC290 Production Year Used Digger with 70 Gradeability for Benefit

Product Description:

Volvo EC290 adopts advanced hydraulic system and power transmission system to provide excellent power output and operating efficiency. At the same time, the excavation has a stable overall machine structure design, which can maintain stability under various complex working conditions and improve operating safety. The EC290 excavator is also equipped with an intelligent control system, which can achieve precise operation control and flexible adjustment, improving the accuracy of operations and the convenience of operation. In addition, the excavator adopts an environmentally friendly and energy-saving design concept, which reduces energy consumption and exhaust emissions and meets environmental protection requirements.

Technical Parameters:

Product Model:	Volvo EC290
Fuel tank:	470L
Gradeability:	70%
Travel Speed:	3.2/5.1 km/h
Engine Model:	D7E EAE2
Max Digging Height:	10040mm
Production Year:	2021
Max Digging Depth:	7140mm
Swing Speed:	10.1 rpm
Operating Weight:	29600kg

Applications:

The Used Volvo Digger is a versatile and powerful excavator suitable for a variety of applications. Its sturdy design and powerful engine make it perfect for digging, trenching, and loading in construction sites. It can also be used for demolition, forestry work, and landscaping.

Benefits

Investing in a Used Volvo Digger comes with many benefits. Here are just a few:

Reliable and durable: Made with high-quality materials, the Used Volvo Digger is built to withstand the toughest of jobs.

Easy to operate: The intuitive controls and ergonomic design of the Used Volvo Digger make it easy to use for operators of all skill levels.

Efficient: With its powerful engine and advanced hydraulic system, the Used Volvo Digger can complete tasks quickly and efficiently, saving you time and money.

Low maintenance: Volvo is known for its reliable and low-maintenance machines, and the Used Volvo Digger is no exception. This excavator requires minimal maintenance, reducing downtime and increasing productivity.

Customer Satisfaction

At Volvo, customer satisfaction is our top priority. We understand the importance of a reliable and high-performing excavator in your construction projects. That's why we ensure that our Used Volvo Diggers are thoroughly inspected and reconditioned before being put up for sale. We also offer excellent after-sales service and support to ensure that our customers are always satisfied with their purchase.

Conclusion

In conclusion, the Used Volvo Digger is a top-of-the-line excavator that offers exceptional performance, durability, and reliability. Whether you are working on a construction site, a demolition project, or a landscaping job, this excavator is the perfect tool to get the job done efficiently. Don't wait any longer, invest in a Used Volvo Digger today and see the difference it can make in your projects!

Customization:

Our Used Volvo Digger has been carefully inspected and serviced to ensure its excellent performance and durability. With its brand name VOLVO and model number EC290, you can trust in its quality and reliability.

Originating from Sweden, our Used Volvo Digger is built with precision and expertise, making it a top choice in the construction industry. Its impressive operating weight of 29600kg and gradeability of 70 make it suitable for a wide range of excavation tasks.

But what sets our Volvo Excavator apart is our customized service. We understand that every construction project is unique and has specific requirements. That's why we offer a personalized service to meet your specific needs. Whether it's adjusting the travel speed to 3.2/5.1 or modifying the max digging height to 10040mm, we can customize our product to fit your project perfectly.

Don't settle for a one-size-fits-all excavator. Choose our Used Volvo Digger and take advantage of our customized service to get the most out of your construction projects.

Packing and Shipping:

Packaging:

The Used Volvo Excavator will be packed in a strong and durable wooden crate to ensure its safety during transportation. The crate will be sealed and labeled with appropriate handling instructions to prevent any damage to the product. The excavator will also be covered with protective materials to prevent any scratches or dents during shipping.

The shipping of the Used Volvo Excavator will be arranged by our experienced logistics team. We offer both sea and air freight options to meet the different needs of our customers. The excavator will be securely loaded onto the transportation vessel and tracked throughout the shipping process to ensure timely and safe delivery. Our team will also handle all necessary documentation and customs clearance procedures to make the shipping process hassle-free for our customers.

With our reliable packaging and shipping methods, you can trust that your Used Volvo Excavator will reach you in perfect condition and on time. We strive to provide the best service to our customers and ensure a smooth and efficient delivery process.
